

The Furntech-AFRDI

Domestic Cot List

Domestic Cots Certified to
AS/NZS 2172 or
Consumer Protection Notice
Number 6 of 2005

The following cots have been tested and found to comply with Australian/New Zealand Standard 2172:2010 (or 2013) *Cots for household use - Safety requirements* or the Australian mandatory standard for domestic cots as defined under Consumer Protection Notice Number 6 of 2005.

Those cots that comply with all of the requirements of the Australian/New Zealand Standard for Domestic Cots (AS/NZS 2172) – not just the mandatory parts – are marked in red. These products have been subjected to additional requirements including toxicity tests.

This list **does not cover folding cots** – a different standard and Consumer Protection Notice applies to folding cots. The Consumer Protection Notice **is mandatory**.

AFRDI Blue Tick and **Furntech Orange Tick Certification** requires that suppliers sign a certification agreement undertaking to maintain consistent quality of their products, to maintain a register of complaints, to notify the Institute of product changes, to have the products retested every three years.

Certification is open to suppliers whose products meet the required standard.

From May 2019 all new Certifications to the Consumer Protection Notice will carry the Furntech Orange Tick certification mark.
