Nominal Expiry\*  
**30 April 2024**

Product name:	<b>Lupo Science Stool Range</b>		
Company:	<b>Woods Furniture Pty Ltd</b>		
Product type:	<b>Fixed height cantilever chair</b>		
Seats:	<b>1 person</b>		
Certified for:	<b>General safety</b>	✓	
	<b>Strength and durability</b>	✓	
	<b>Stability</b>	✓	
	<b>Dimensions</b>	X <sup>1</sup>	
	✓ Compliant	★ Minor variations	x Non-compliant

AFRDI Blue Tick certification criteria are based on **AS/NZS 4610.2:2020 Furniture—School and Educational, Part 2: Chairs—Strength, durability and stability**, but may include additional requirements and variations as deemed appropriate by Furntech-AFRDI.

Products will be certified at minimum for general safety, strength and durability, and stability. Those certified with minor variations have a limited number of dimensions a small amount outside those specified in the standard. Dimensionally non-compliant products should be evaluated in relation to their intended application.

Testing and evaluation was conducted on selected samples from the range, such that in the opinion of Furntech-AFRDI all items (as tabulated below) should perform satisfactorily in relation to the certification criteria. Certification is limited to the products, features and options depicted and listed on this certificate.

The supplier having agreed to maintain the compliance of the product and to submit to retesting and auditing as appropriate, the Australasian Furnishing Research and Development Institute hereby certifies the product range (as specified) under the AFRDI Blue Tick Product Certification Program.

This certification is valid for three years but may be suspended, revoked or renewed.

<sup>1</sup> Products within the range may have Minor Dimensional Variations and/or Dimensional Non-compliances. These do not affect the General Safety, Strength and Durability or Stability of the products. Refer to 'Product Range Details' table below and corresponding Dimensional Report for details.
