Seats:	1 person	
Certified for:	General safety	✓
	Strength and durability	✓
	Stability	✓
	Dimensions	Refer page 2¹
	✓ Compliant	★ Minor variations
		x Non-compliant

AFRDI Blue Tick certification criteria are based on **AS/NZS 4610.2:2020 Furniture—School and Educational, Part 2: Chairs—Strength, durability and stability**, but may include additional requirements and variations as deemed appropriate by Furntech-AFRDI.

Products will be certified at minimum for general safety, strength and durability, and stability. Those certified with minor variations have a limited number of dimensions a small amount outside those specified in the standard. Dimensionally non-compliant products should be evaluated in relation to their intended application.

Testing and evaluation was conducted on the specified chair/s, or selected samples from the range, such that in the opinion of Furntech-AFRDI all items (as tabulated below) should perform satisfactorily in relation to the certification criteria. Certification is limited to the products, features and options depicted and listed on this certificate.

¹ Products within the range may have Minor Dimensional Variations and/or Dimensional Non-compliances. These do not affect the General Safety, Strength and Durability or Stability of the products. Refer to 'Product Range Details' table below and corresponding Dimensional Report.
